### KRAMER'S VICTORY NO SURPRISE TO WISE FANS

Champion All the Way in Newark  
Grind—Percy Lawrence Shows  
Good Class.

Salt Lake bike fans are not surprised at the victory of Frank Kramer in the Newark ten-hour race, six-day race. Despite the fact that it was the champion's first appearance in the long grind, he was a top favorite from the start, and he made good.

Why Kramer should not show his class as a six-day rider as well as a sprinter was not seen in Salt Lake. In every race in which he has ridden, long or short, he has kept up his winning percentage. In his races at the Salt Palace Kramer was there at the finish in the ten-hour and hour races and finished as fourth and second.

In an affair like Johnny Chapman's ten-hour race with a teammate to do half the work Kramer did not find himself up against the strenuous work of the real six-day, twenty-four hours a day grind. After all, it was a sprint and a sprinter who won at Newark.

The winning of second place by Percy Lawrence, as an amateur, showed every promise as a comer, and after his debut in the professional ranks he continued to hold his own. This will be his second season with the "pros" and with the start he made in the Newark race he should join the top runners.

Here in Salt Lake the fans are still wondering what is what about the Salt Palace track. Francis Heath, Jr., the east, and is evidently trying to land riders.

A report that has received some credence is that he has placed the track in the hands of Johnny Chapman, and that Chapman will send out a man to run the Salt Palace while he is running Valesburg. This would do away with any fight for riders between the two tracks.

The fans however, hope that the local track will be given to a local man who will run the track right. They do not want to get the riders that Chapman thinks he can spare for Salt Lake.

**RICHFIELD FIVE IS  
GUEST AT BANQUET**

(Special to The Herald-Republican.)  
Richfield, Feb. 13.—The faculty of the Richfield high school banqueted the basketball team Friday evening, February 13, at the Southern hotel. This is the first of a series of annual banquets to be given the members of each year's team by the faculty.

A monster "H" was formed of smilax, covering the entire length of the table. Guests were responded to in the following order:

Our Boys ..... Miss Edith Dimmitt  
Our Next Year's Coach ..... Margaret Ross  
The Ephraim Game ..... C. J. Herman  
The Championship of Sevier ..... Eldon Beal  
The Library Gymnasium ..... Senator Willis Johnson

What the Town Can Do for the High School ..... Senator Willis Johnson  
The School Board ..... Principal Howard V. Aleson  
After the banquet the boys were entertained by Professor Aleson, Miss Dimmitt, and Miss Ross in an informal musicale.

**NATIONAL LEAGUE TO  
DECIDE MURRAY CASE**

New York, Feb. 13.—The board of directors of the National league will hold a special meeting at the Waldorf-Astoria hotel today to pass on the contract of William J. Murray with the Philadelphia club and on the claim of the New York franchise of the Philadelphia club for the forfeiture of a game at the Polo grounds last year.

Murray was a two-year contract with the Philadelphia club, but the new owners, it is alleged, will not allow him to carry it out.

**At Juarez**

Juarez, Mex., Feb. 13.—Tiffins, 40 to 1, proved a big surprise when she won the fourth race, a seven-furlong sprint, by half a length over the track favorite, Colonel Winn announced today that the meeting will close here on February 27. Six favorites were defeated. Summary:

# SALT LAKE STILL HAS THE EDGE OF BATTLE

## BACKBONE OF B. Y. U. FIVE

HOMER CHRISTENSEN.

Crack center of the B. Y. U. Basketball team, which has the state collegiate title cinched. Christensen was the unanimous choice for all-state center last year. He is showing the same class this season that won him the honor.

## BATTLING NELSON PLACES FIGURES ON FIGHT WITH ENGLISHMAN

Bat Nelson has written the following reply to a recent statement by Freddie Welsh:

"Ever since Welsh left America for his beloved England, he has been flooding this country with greatness and my inability to hold the world's lightweight title. I won that title only after the hardest campaign any fighter since the game started has ever fought, and I whipped every man between that title and myself in order to get it. I was unfortunate enough to be obliged to face the toughest men in the world when they were at their best, and only three of them ever went more than 12 rounds with me. Gans passed that limit twice, only to be eventually floored for the count both times. 'Fighting' Dick Hyland managed to last 22 rounds, and Herrera was still fighting his losing battles at the limit of 20, but three more rounds would have seen him knocked out, too."

"Can Freddie Welsh say this?"

Has K. O. Sign.

"Out of the entire bunch of hard ones I whipped, only one fight was won on a decision. All the others have that 'K. O.' in the 'dope' book."

## BASKETBALL IS GOOD BOX OFFICE GAME

Chicago, Feb. 13.—When college students return from their Christmas vacations the season of the minor sports will begin to boom. Basketball and track athletics will, as usual, occupy the center of the stage. Within the last few years basketball has leaped into great popularity. Not only does it afford an excellent training for a great athlete, but it is virtually the only winter sport that is self supporting. At the University of Pennsylvania basketball is the star sport. This followed the action of the Intercollegiate Basketball association in abandoning its organization. It was thought that the association would take official charge of the sport this winter, but it has not done so, except through an intercollegiate rules committee. Still, the different managers have so arranged their schedules that the results of the season's games will virtually decide the championship. Cornell is still off the Yale schedule, due to a misunderstanding and some hard feeling engendered two years ago, but otherwise various teams will play the usual two games with each other.

As for track athletics there has been announced a great many indoor meets throughout the eastern cities and college men will not lack for opportunities to compete and prepare for the outdoor season.

**NAT DEWEY WANTS BOB WATKINS AS TRAINER**

Denver, Feb. 13.—Nat Dewey, the husky negro heavyweight who meets Sam Langford in a 20-round bout at Cheyenne on Washington's birthday, was in the city yesterday for the purpose of engaging Bob Watkins of this city to act as his boxing partner and trainer for his bout with Langford. The big fellow expressed the greatest of confidence, not only in his ability to give Langford a strong argument, but in winning over the sturdy Boston man. If confidence is all that is necessary, Dewey is going to give Langford an argument such as he has not been given for some time.

Dewey is a large man than Langford in breadth of shoulders, height and reach. He is 30 years old, the same age as Langford. He has met many of the leading heavyweights of the west and has scored forty-three knockouts during his career, won twenty-six times by decision, and lost

## GOOD PURSES UP FOR 1910 HARNESS RACING

New York, Feb. 13.—During the coming racing season owners of young trotters will receive ample opportunity to show the merits of their finely-bred colts and fillies. In addition to the season Kentucky futurity, which has been the feature of the Lexington trots for many years, the various trot journals futurities and a few other races, new races, the value of each being sufficiently large to attract the attention of a large number of owners of good trotters or pacer.

The value of the stakes already arranged amounts to something like \$15,000 to race for and before the programs are completed it is likely that this sum will be increased.

One of the bright features of the programs will be those guaranteed by the American Association of Trotting Horse Breeders, which will be the most valuable of the season. The aggregate value of both will probably exceed \$50,000.

One of the bright features of the programs will be those guaranteed by the American Association of Trotting Horse Breeders, which will be the most valuable of the season. The aggregate value of both will probably exceed \$50,000.

Another important new futurity is that offered by the Horseman and Spirit of the Times. This event is to be worth \$15,000, and like the Breeders' stakes, must not be decided before August 1. The horse world of Buffalo has come to the front this year with a stake for youngsters, which will be worth about \$7,500.

With these new ones, together with the Review and Kentucky Stock Farm futurities, which are contested each year at Columbus; the American Horse Breeders' futurity, which will be raced, as usual, at Keosauqua; the futurity that is to be the annual event at Syracuse; the Western Horseman futurity, which is raced at Indianapolis; and the three-year-old trot, which will probably be repeated at the North Randall track this year, it appears as if the horsemen who campaign over the principal racing tracks will have a busy season with their two and three-year-olds.

but twice, a less number of times than Langford has been decided against. Among the most noted performers whom he has defeated are Frank Fields, Dick Williams, Terry Mustain and Jim Jeffords. The first two named he disposed of by knockout in three rounds, of Mustain in seventeen and Jeffords in twelve.

If you are living in the wrong place, or in the wrong way, seek your remedy for it through a short course of reading. We suggest the "For Sale," "To Let," "Furnished Rooms," "Boarding," and kindred lines of classified ads.

## LOCAL LIGHTWEIGHTS TOO EVENLY MATCHED

Utah boxing fans have seen Pete Sullivan and Bird Leg Collins box twenty rounds twice. Two of the best referees in this part of the country, Tom Painter and Willard Bean, gave the verdict: a draw in each case and there is no question but the decisions were right. Those who saw the second fight saw a much better exhibition. The last ten rounds offered as good fighting as could be asked for. The genuine efforts of both boys to win made it a contest well worth seeing. Each was game and trying to win every moment in the ring. It is not likely that the two will be matched again, at least for some time. They are too evenly matched to make any outcome but a draw probable, considering the style used by each. Collins wants a match over a longer route, but the signing of articles is unlikely.

As in the first meeting Sullivan outboxed Collins, but lacked a punch strong enough to do damage against a man of Collins' strength and defense. Collins, if seemingly awkward, does the business. Joe Gans and other top-notch men found Collins too tough to fight with scoundrel and his two meetings with Sullivan show that the colored boy is still in the ring.

**Collins Improves.**

Collins showed a 50 per cent improvement over his first fight with Sullivan. He got into action better and showed his right hand. Joe Burns, Collins' manager, is after some of the best lightweight limit business and will have Collins make the lightweight limit if necessary. Burns is going to go through with Collins and will back him against any of them.

At the contest at Ogden Friday night it was a pleasure to see two men in such perfect condition. They went through the six minutes of fighting with such a long breath. They took blows that would have floored an ordinary man without sign of distress. The condition in which they went into the ring is credit to their managers and the promoter of the match.

Pete Sullivan won many admirers by his work Friday. What surprised most was the way he stood up and slugged with Collins and swapped blow for blow. Pete's defense, his ability to take a punch and come back, and his ability to win a fight by a knockout, are all things that make him a good fighter. Against any but a marvel of toughness like Collins, Pete can win. Cyclone Johnny Thompson is still eluding the fight, but a good match is hoped for in the near future.

**SALT LAKE STILL IN  
RUNNING FOR BATTLE**

Salt Lake's chance on landing the big Jeffries-Johnson championship battle will be known within a week. Despite the fact that a great majority of those interested claim that when Tex Rickard gets to San Francisco he will be all out for the fight, it will give in to Jack Gleason and the coast boosters, Salt Lake still has a fighting chance.

It was stated yesterday by one in a position to know as much as anyone else that Rickard will not go to San Francisco, but will arrange the place with his partner, Gleason, in Ely or by wire. This will follow the last card to be played by Salt Lake, which is to be a fight with a come near being the first card as well. It will be in the nature of a suitable guarantee to the coast boosters, that Gleason will put up. This guarantee is said to be forthcoming.

Rumors to the effect that local men will buy out Gleason's interest are still heard. Gleason has put nothing in the venture, and whatever he gets will be "value" pure and simple.

All along Rickard has said that all he wants is guarantee to bring the battle here. Whether or not the offer of San Francisco will be such that from a business standpoint he will change his mind remains to be seen.

Whatever way the matter ends, Salt Lake has received thousands of dollars' worth of advertising and is that much ahead.

**RICHFIELD HIGH TOO  
FAST FOR GUARDSMEN**

(Special to The Herald-Republican.)  
Richfield, Feb. 13.—The fast high school team proved too big a pill last Thursday for the local militia boys when the two teams lined up in the Salt pavilion in a game of basketball.

Owing to the poor condition of the floor the game went slow and rather uninteresting. The high school managed to run up a score of 26 to their opponents 9.

Following is the lineup:  
High school: Nat. Guard, Chidester, C., Peterson, Hermanson, R. F., Hansen, Hawley, L. P., Clark, Andelin, L. C., Rasmussen.

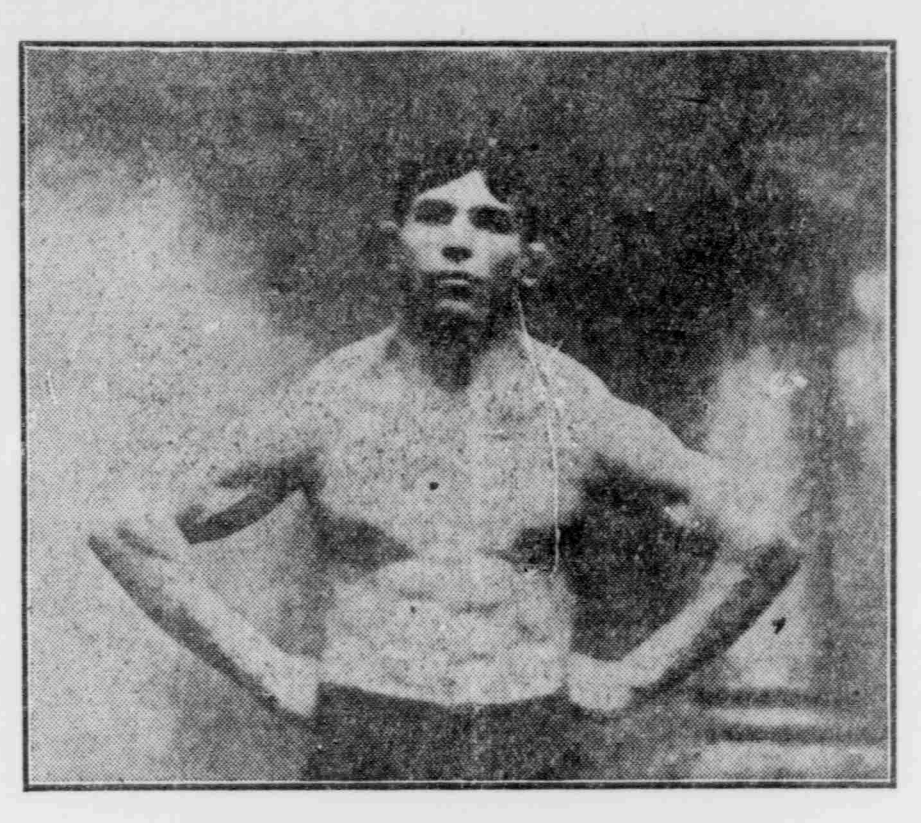

Referee, Sainsbury; timer, Hepler; scorer, Nielsen; time of halves, 20 minutes.

**Can't Lose Him**

Cincinnati, O., Feb. 13.—John Kling, catcher of the Chicago National league club, who quit the team about a year ago, has applied to the national baseball commission for reinstatement.

At the time Kling left the Chicago team he announced that he would never play ball again. He said he wanted more time to care for his private business. Kling for many months has been a puzzle to the baseball enthusiasts throughout the country. Many interviews have been given out in which it was declared that he wanted to go back into baseball and then a few days later it would be reported that he would never again play ball. It is probable that the national commission will now reinstate him on condition that he pay a fine.

## THE FAST GREEK WRESTLER

PETER BUZUKOS.

Claimant of coast lightweight wrestling title, who agrees to throw Eddie Connors, the Winnipeg lightweight, five times in 90 minutes. The match will be held Monday night at the Shubert theatre.

## HANDICAP MATCH AT THE SHUBERT TONIGHT

Portland Greek Wrestler Agrees to Throw Winnipeg Man Four Times in Ninety Minutes.

Tonight at the Shubert theatre the wrestling fans will be given an opportunity to see Peter Buzukos, the Portland Greek wrestler, attempt to throw Eddie Connors, the Winnipeg mat man, five times in ninety minutes. The match is attracting a little interest, particularly among the local Greeks. From the way the tickets went yesterday it looks like the whole of "Gresktown" at the match. They want to see their countryman throw the "Irishman."

Under the terms of the match Connors wins if he secures a fall. Connors says he is in better shape than in his meeting with Buzukos at the Yokel-Karp match, and that he has no chance to lose. At first he wanted the two hold barred, but Buzukos would not consent. A straight catch-as-catch-can rules will govern.

The match starts at 8:15 p. m.

**PEANUTS SINCLAIR TO  
MEET KID COFFEY**

Peanuts Sinclair, the crack local featherweight, in charge of his manager, Larry Brown, leaves today for Rock Springs, Wyo., where he fights Kid Coffey February 22. The articles call for a side bet of \$100, with the weight at 122 pounds, and twenty rounds.

While Coffey is a tough proposition, having fought three draws with Kid Soulsby, Sinclair is picked to win by his Salt Lake backers. Peanuts disposed of Soulsby in nine rounds last month, and won many friends in Rock Springs.

After the Coffey fight Sinclair will return to meet young Erlendson.

## PROFESSIONAL RUNNERS AT MADISON SQUARE

New York, Feb. 13.—Professional foot racing will be revived at Madison Square Garden tomorrow night, when seven crack long-distance runners will engage in a ten-mile struggle. The starters will be Hans Holmer, Quebec; Fred Meadows, Quebec; Ont., Paul Greco, Greifels, Sask., Tom Towler, Ireland; Gustav Le Jungstrom, Sweden; Percy Sallen, Toronto, and Charles Muller, New York.
